## Association President Message

Dear Friends,

A feeling of joy and a sense of gratitude prevailed upon me, when I won the election. I have been eagerly waiting to share my feelings with each one of you. I take this opportunity to be ever thankful to you all for reposing trust in me. While I am writing this to you all, feeling of bliss and happiness have subsided and relegated to the remotest corner of my mind. And what is coming to the forefront is the moment of reckoning.....the moment of shouldering responsibility ... the serious sense of **Realisation**.

**Realisation** that while it is my profound privilege to step into the shoes worn by 43 presidents, I do have the duty to keep the flag of Inner Wheel India flying high. **Realisation** that I have onerous responsibility of matching your expectations and perform to the best of my ability and your fullest satisfaction. **Realisation** that no individual could ever achieve anything. It is always the collective efforts that can transform dreams into reality.

It's a landmark year as Association of Inner Wheel clubs in India's first club is completing **65 years** and 3 Districts are celebrating their Golden Jubilee. While great milestones have already been coined by our leaders in the past, we would always be insatiable and longing to add more apposite

*"I slept & dreamt that life was joy;  
I awoke & saw that life was service;  
I acted & behold, service was joy!"*  
----- **Gurudev Rabindra Nath Tagore**

feathers to the repository. Friends, we all firmly trust in **Miracles** and we ladies have the capabilities to create Miracles. Time in hand is short and here are many ideas to implement hence, we need to act fast and accurate.

**BRAND IMAGE** – our first and foremost agenda is to evolve Inner Wheel into a big brand. Friends our work should be visible, so use our logo everywhere focus on permanent & sustainable projects. Try to do projects in collaboration with Government Agencies, invite eminent personalities in your programs etc. to gain wider publicity. In this regard nation wide projects are being undertaken, e.g.,

**Project Mission Mamta -Orphanage free India by 2024.** I am glad to inform you that the **National Commission for Protection of Child Rights (NCPCR)** and **Ministry of Women and Child Development** are our collaborators in this project. All clubs would work towards successful execution of this project and our aim is to reach out to lakhs of people to promote awareness for adoption and foster caring.

*"Being unwanted, unloved, uncared for, forgotten by everybody, I think this is a much greater hunger, a much greater poverty than the person who has nothing to eat."*

--**Mother Teresa**

These words are enough to stir the very PANGS of motherhood in a woman and inspire us to do something for the unwanted, unloved, uncared for children in our society. Being an all Women

organization, we can feel & understand this issue very deeply and we may work for this project with courage & compassion.

**Strengthen Membership** – The Inner Wheel in India is having more than 1/3rd of the total membership in the world. With little effort and planning, we can increase our membership to become more than **50 percent** of the world's Inner Wheel strength. Youth is the most cherished asset of any Nation & organization and they are truly, the dreamers of tomorrow. Catch them young, target schools /colleges, look at your own family – daughters / relatives, neighbors etc. and open number of **New Gen Clubs**. It would also bring new enthusiasm and new innovative ideas to make IW more millennial.

Inner Wheel India for the first time would be hosting 18th IIW Convention at Jaipur on 3rd-6th March 2021, where our own Dr. Bina Vyas would be chairing as IIW President.

**Friends**, I was nothing without your support and shall not be able to do anything, unless you help me in doing what we all should do to take our Inner Wheel to greater heights. As the 44Th President of our Association, I appeal to you all to leave no stone unturned to reach our goals, which may seem difficult but **“Together We can”**.

Yours in friendship

## IIW President Message

Alone we achieve so little but in  
Inner Wheel “Together we can” achieve so much

It is a privilege and honour to serve International Inner Wheel in the Office of President. International Inner Wheel is a wonderful organisation, with so many members in so many countries around the world working Together to keep it as the world's largest women's voluntary service organisation.

International Inner Wheel can be compared to a tree.

The roots are our history – 96 years of Inner Wheel service and friendship now in 104 countries.

The trunk being our Districts - giving strength and unity.

The branches spreading out are our Clubs – reaching out to our communities.

But the 110,000 leaves that give colour and life to the tree are you, our Members.

Like every leaf on the tree, each Inner Wheel Member is an individual with their own identity but by working together we can keep the historical roots of International Inner Wheel healthy and vibrant and encourage it to grow and flourish around the world.

The future of International Inner Wheel is in our hands – we are its caretakers.

Like a tree, it requires special care and attention – if neglected it will not survive.

Together we can nurture it – protect it - love it and give it new life for tomorrow.

Whilst working and enjoying our friendships, together we can prove that Inner Wheel members can achieve dreams and help others to achieve theirs. No matter what the size of your Inner Wheel Club or where you are in the World, together we can support each other and make our voices heard.

I wish Association President Mamta a wonderful and memorable 2019-2020. With the support of the Association Executive and all her fellow Members in India, together we can make all her dreams come true.

Yours in friendship,

*Phyllis Charter*

*Association President 2012 - 2013*

Dear Mamta,  
The time has come to change the reign. The time to begin your year.

Mamta, as the name denotes, is full of maternal feeling and love for all. You will fit into the mould rightfully. You will involve your team and guide them accordingly. As mentioned in your Training session to the Chairman, your thrust areas have been towards children. Children after all are the apple of the eye of their mother. The Inner Wheel members will definitely strive hard to give them some stability. Here is wishing you All the Best for your year and I am sure Together We Can.

**Pushpa Suryamurty**  
*Past Association President.*

Dear Mamta,  
Heartiest congratulations for being installed as the Association President of Inner Wheel Clubs in India. You shall also be the National Representation of our

country. Both are posts calling for great responsibility on the other hand. I am sure that with the caliber you have, you shall discharge your responsibility with ease and élan.

Your involvement in Inner Wheel is well known to me. During my tenure as Association President you helped me in coming up with special postal envelopes and I shall be indebted to you always for it. Even in our conversations you have shown keen interest in doing worthwhile projects and taking Inner Wheel to new heights. I specially appreciate your coming up with branding Inner Wheel through sanitary pads, sanitary pads, incinerator and cloth bags for vegetables. To top it all is Inner Wheel School for private needy school and Mission Mamta – an orphan free India campaign. All this speaks a lot of your love for Inner Wheel and real service. Miracles will happen.

Unity is strength... when there is teamwork and

Dear Mamta,  
**Every Single person is a new thing in the world and is called upon to fulfill his particularity in this world.**

Your Inner Wheel membership and your election to this office is your particularity! I have seen you as an Inner Wheel member for a about a decade now, working with enthusiasm and passion at all levels, which I have appreciated several times in our personal conversations. As Club President laying the foundation for your home club's landmark project Apnalaya, as District Chairman motivating the large numbers of the Sanitary napkin vending machines, as Association Treasurer filing returns for the first time ever, you have set the bar and broken several on the way. Having you in team in 2016-17, when I was Association President was a great delight. We have a very comfortable bonding, through work, phone chats, sightseeing and entertainment. You definitely are an ANMOL RATAN for and of the Association and I feel very proud to see you being installed as Association President 2019-20.

I wish you great success as you take the Indian Wheel forward to a bright future! I am confident you will discharge your duties at the highest level of Inner Wheel in our country, with great responsibility. I look forward to applauding and encouraging you every step of the way!

Enjoy Inner Wheel

collaboration, wonderful things can be achieved. This is what our theme of year 2019-20 'Together We Can' means. You have a wonderful team at the Association. And as for your installation function you have Convener PDC Sumi Agarwal and I am sure with her enthusiasm and her enthusiastic team we will witness a wonderful installation function. Wish you a very successful year.

your friend,

**PAP Dr. Rashmi Sharma**

My dear Mamta,  
It is a matter of great joy and pride for me that you will be leading the Association of Inner Wheel Clubs in India in the coming year.

This leadership is a fulfilling experience and it is a great responsibility to lead forty thousands Inner Wheel members in India.

Inner wheel in India is growing by leaps and bounds and we are on the threshold of hosting the prestigious International Convention in 2020-21 in India, for the very first time. It's not a mean feat and I am extremely delighted for both these achievements.

The service end of Inner Wheel is the heart of our organisation. We do meet, celebrate and enjoy each other's friendship, but we derive true pleasure only by serving the needy and not so privileged ones. On the path of selfless service let's come together once again. The real strength is in working together and by doing so we achieve more. Our Unity and each one's Uniqueness will surely bring better results, love and joy for everyone.

The IIW theme given by our IIW President Phyllis Charter is simple and meaningful. Absolutely clear in her perception, our President is suggesting nothing but United front, and I am quite sure you will leave no stone unturned to take our Association and its activities towards a meaningful tomorrow. Your determination to achieve, your sincerity in giving your best, your charm in winning over people will help you in fulfilling all your dreams and visions.

Be the best and keep smiling!

With love,

**Mamta Agarwal**
